

FLAG DAY CELEBRATION ON LAWN OF "THE CEDARS"

Nancy Ward Chapter, D. A. R.,
Uses Historic Flag in Pa-
triotic Program.

The Nancy Ward chapter, Daughters of American Revolution, are celebrating flag day at "The Cedars," the home of Capt. and Mrs. S. J. A. Frazier. The program opened with the Lord's prayer, said in unison, followed by the singing of America.

The principal feature of the program is a patriotic tableau participated in by the members of the chapter, and the reading of an original poem by Mrs. L. M. Russell, entitled "Old Glory Flung to the Breeze." This was written by special request for the day's celebration.

The program includes the pledge to the flag, rules of the flag, by Mrs. John R. Pittner; tributes to the boys in service by their relatives; bits of interesting historical facts concerning the ancestors of different members; calling attention of the preceding regent, Mrs. I. D. Steele, to June 23 being designated as War Savings Stamp day by President Wilson. The chapter's co-operation is taken for granted, as they have already bought a great many war savings stamps, as individuals.

The large American flag used was presented to the regent, Mrs. T. E. Abernethy, by her kinsman, Rear Admiral Berry, of Norfolk, Va. He was in the service forty years, and is retired. His son is now serving on the battleship Florida.

Music for the day's exercises is furnished by the Central High school orchestra. Miss Robbie Burns is soloist for several patriotic songs. The celebration will close with the singing of "The Star Spangled Banner."

Paris Uses Black Satin

(By Betty Brown.)

Perhaps because it makes a durable as well as a striking trimming, black satin is much used in Paris. The model pictured today boasts of three important style features, all developed in or trimmed with black satin. These are the broad vest, wide soft girdle, and the bell-shaped sleeve which many women find both comfortable and becoming.

afghans, recently completed. One was knitted by Mrs. R. L. Paucetta, her guest, Mrs. Nooks, Miss Lucy Graham and Miss Ruth Clark. The other was knitted by children of the fifth, sixth and seventh grades of the city school under direction of Miss Grace Dodds, teacher of domestic art.

UPLIFTING POWER OF MUSIC DEMONSTRATED

Mrs. Joy Patten Thompson
Heard in Recital at Cadek
Conservatory.

In times like the present, the value of an uplifting power like music—good music—is more than ever apparent. It is encouraging that the musical standard in Chattanooga is constantly becoming higher. A genuine treat was in store for those who attended the piano recital of Mrs. Joy Patten Thompson at the Cadek Conservatory of Music last night. It needed but a few numbers to establish Mrs. Thompson in the favor of the enthusiastic audience as a pianist of unusual merit. She has many fine qualities that are necessary for a successful artist: clean-cut technique, splendid interpretation, artistic temperament, and, last but not least, an attractive personality. Her future progress will be watched with much interest.

The first number on the program was a well rendered prelude and fugue by Bach. Her sound musicianship was also in evidence in the highly interesting "Pavane" by Cyril Scott, but Rubinstein's brilliant "Cracovienne Fantastique" received the lion's share of applause. Especially happy was Mrs. Thompson in her interpretations of a group of Prof. Roy L. Smith's compositions. The poetry of the "Moon Shadows," the savage rhythm of the "Barbarian Dance," the dainty humor of the "Kewpie Caper," were brought out to the fullest extent. With the two wonderful Chapin studies No. 3 and No. 12 (revolutionary), the evening was brought to a brilliant finale.

Assisting on the program were Miss Helen Winn, who displayed a clear, sweet tone and accurate intonation in the "Romance" by Wieniawski and a melodious "Canzonetta" by Frink, and Miss Spencer, Rachel Wassman and Harold Cadek, who presented, in splendid ensemble, two movements of Beethoven's beautiful trio, op. 1, No. 2, for piano, violin and cello.

The final recital of advanced pupils will be presented tonight. The program follows:
Ensemble—"Hope March" (Papini); Junior orchestra, Lester Grant, William Brownlee, Harold Humphrey, Grace Robinson, Mildred Gager, Jenny Lee Bowen, Julia Wilson, Herman Brenner, William Krug, Stanley Harold, Angie Orgrain.

Protects my church and home.
All other flags are taught to me,
To them I'll never bow.
My flag, my flag shall always be

Awaiting The Joyful Sound

The Wonderful Music that Bursts Forth
When the Stork Arrives.

Who can forget that little brassy cry that echoes the arrival of the new baby? Before baby comes the mother should get in condition to meet the crisis. Thousands of women have used the safe and reliable application, Mother's Friend, during the waiting months, and they relate how they entirely escaped nausea, nervousness, bearing down and stretching pains and many other debilitating and disheartening experiences which so ill fit the mother for the greatest time in a woman's life.

Mother's Friend makes it possible for the expectant mother herself to actually aid nature in the glorious work to be performed, and no woman should neglect or fail to give nature a helping hand. It will mean infinitely less pain at the crisis.

Mother's Friend is for external use only, is absolutely safe and wonderfully effective. It is prepared by the Bradford Regulator Co., K-17 Leary Bldg., Atlanta, Ga. Write them for their "Motherhood Book," so valuable to expectant mothers.

Procure a bottle of this famous remedy, which has been used by women with the greatest success for over half a century, from the druggist today, and thus fortify yourself against pain and discomfort. (Adv.)

Somewhere on the Books "Hueller" Is Marked Off

Arthur Hueller, wireless expert and spy, died at the base hospital at Fort Oglethorpe Thursday at 4:30 p.m. The German was shot while trying to escape from the alien prison Sunday morning. When Hueller and two companions were attempting to escape a guard caught sight of the trio and fired. Six buckshot entered Hueller's side. He was carried to the base hospital, operated upon but never recovered from his wounds.

Hueller was caught in a wireless raid. He was an expert electrician. He had friends in Minneapolis and in Masonic lodge 242 in Monterey, Mexico. These friends have been wired and with German faith they have denied any knowledge of their broken legman. Nevertheless, the message of Hueller's death has been noted by these addresses, and no doubt somewhere in Germany in the huge card index that keeps record of a worldwide system of espionage the name of Arthur Hueller has been marked off.

The dead man was 30 years of age, born in Lunen, Westphalia, Germany. No doubt, with others of his strain, he has drunk to "the day" of coming Germanic power. In pursuance of that tharsham he flung away his life. To the German spy in the grey barb wire stockade of Oglethorpe's enemy alien prison came at last "der tag."

out Street, Appears in
Casualty List.

James Dodin, of Chattanooga, is mentioned in the American casualty list received Friday morning as having died of disease in France.

Cordie Drew, colored, of 120 Lookout street, a resident of this city for about twenty years, is Dodin's mother-in-law. She was notified on Wednesday of his death.

His wife, Viola Dodin, is residing in Cincinnati. Dodin formerly worked here, but had been away for some time.

Even though death did not come on the battlefield amid the scream and roar of shot and shell, James Dodin died serving his flag and country. The end found him "over there," where he had endeavored to do his bit, and where Americans are covering themselves with glory by their terrific onslaughts against the boches.
